Sleepeeze

ESTABLISHED 1924

LUXURY HANDMADE BEDS

MADE IN THE UK

QEST

Our partnership with QEST :
The Queen Elizabeth Scholarship Trust.

QEST was established in 1990 and was the brainchild of the Royal Warrant Holders Association (RWHA), of which Sleeppeeze is a member.

Sleeppeeze is the only bed manufacturer in the world authorised to make mattresses and divans with the QEST mark of distinction. Its function is to fund British artisans through college courses, apprenticeships and one-to-one training.

Every product sold by us generates a contribution to the charity, whose core objective is to sustain British craftsmanship, a vision shared by Sleeppeeze and one that is very close to our hearts.

SUPPORTING
EXCELLENCE
IN BRITISH
CRAFTSMANSHIP

As a U.K. manufacturer we recognise the need to maintain historical skills used within our industry over hundreds of years and are committed to encouraging excellence in traditional craftsmanship.

Our most experienced craftsman hand make this collection to the highest standards, using the finest natural materials and time honoured techniques.

Sleeppeeze was founded in 1924 by the Price family in Croydon, London, who first started manufacturing flock and hair mattresses, as well as other associated products. In the late 1920's, Sleeppeeze was one of the first manufacturers to produce pocket spring mattresses.

Today, every single Sleeppeeze product is still made in the UK at our factory based in Rochester, Kent. A Royal Warrant from His Royal Highness The Prince of Wales is a mark of excellence and the best of British quality, underlying Sleeppeeze's reputation for creating superior products and delivering excellent service. You will find our beds in some of the finest 5 star luxury hotels around the country.

With traditional family values at the heart of our business, we support various charities and truly believe in doing whatever we can to help support our local community. To date we have donated over £250,000 between Macmillan Cancer Support, the British Heart Foundation, the Queen Elizabeth Scholarship Trust and our local hospice, ellenor.

OUR STORY
since 1924

OUR BRITISH HERITAGE

Since 1924 Sleepzee has continued to lead the great British bed industry through innovative design, quality, and value for money.

Our reputation as one of the largest manufacturers of pocketed sprung beds in the UK has its foundations in our impeccable craftsmanship. We strive for quality and great value for our customers. We have achieved all of this and more by understanding exactly what our customers need.

Our colleagues are incredibly passionate and loyal, with nearly half of our workforce holding between 10 and up to 44 years' service, demonstrating the depth of experience throughout the business, which in turn is reflected in the quality and craftsmanship of our beds.

Every Sleepzee bed has been designed to guarantee a great night's sleep, night after night and our confidence in our products is demonstrated by a guarantee of up to 10 years with every one.

1993 Guinness
World Record for
the Largest Bed

and will become void and must be returned to the
Treasurer to His Royal Highness in any of the
circumstances specified when it is granted.*

Given under my hand this *sixteenth*

day of *December* *the year of* *2017*

*Treasurer to His Royal Highness
The Prince of Wales and The Dukes of Cornwall*

BY ROYAL APPOINTMENT

Sleepzee is proud to hold a Royal Warrant from HRH The Prince of Wales, originally granted in 1985. Royal Warrants are regarded as a sign of the best in British design and are only granted to those who demonstrate the highest standards of excellence, quality and service with responsible management and production methods.

Holding a Royal Warrant reinforces Sleepzee's reputation for creating superior quality beds and provides reassurance that your bed is built to last.

Sleepzee continues to embrace its status as a Royal Warrant holder by creating a luxury range of beds dedicated to raising funds and awareness of the Queen Elizabeth Scholarship Trust (QEST), an initiative by the Royal Warrant Holders Association that helps fund the education of talented craftspeople through college courses, apprenticeships and one-on-one training with master artisans. This supports and encourages the development of outstanding individuals who demonstrate extraordinary talent in British crafts.

BRITISH MADE

OUR EXCEPTIONAL CRAFTSMANSHIP

Since 1924 Sleeppeeze has been designing and crafting handmade, high quality pocket spring beds.

We champion traditional artisan skills such as hand tufting and use some of the finest, most durable raw materials, such as British wool, cashmere and horsehair, which are complemented by truly advanced manufacturing techniques.

As a result, Sleeppeeze beds create a stunning centrepiece in any bedroom and continue delivering exceptional comfort night after night, year upon year. Each and every Sleeppeeze bed is made by hand and made to order by our master craftsmen and craftswomen using skills that have been developed and perfected for many years to deliver the highest quality and superior comfort for our beds.

Every design detail is meticulously checked to ensure a high quality finish and provide complete reassurance that your Sleeppeeze bed will offer years of comfort, backed by a guarantee of up to 10 years. With a wide range of mattresses providing varying levels of support tailored to your needs, we are confident that you will find the perfect bed for you. Complete your bed with a choice of headboard and storage options, all expertly finished in one of our luxurious upholstery fabrics.

OUR ENVIRONMENT

Whilst striving for quality and great value for our customers, sustainability is at the forefront of our business. This approach requires all of our timber suppliers to be FSC® certified, ensuring the materials purchased are from sustainably managed forests. We also ensure that none of the waste from our factory goes to landfill.

We are committed to using environmentally friendly and sustainable materials in our products including wool, silk, cashmere and horsehair. These are not only natural fibres, but also help regulate your body temperature throughout the night for a deeper night's sleep.

Sleepzee is an active supporter of The Campaign For Wool, a global endeavour initiated by its patron HRH The Prince of Wales, which supports British sheep farmers and promotes the unique, natural, renewable and biodegradable benefits of wool.

Our dedication to helping preserve our environment and reduce our carbon emissions has resulted in us achieving Planet Mark certification and Carbon Neutral Organisation status. As part of our carbon offsetting initiative, we work with local schools in a tree planting programme, which allows us to share with young people the importance of sustainability and caring for our environment.

OUR FINEST FILLINGS

Sleepzee mattresses offer a unique combination of traditional, natural and state-of-the-art fillings and support systems which deliver a level of sleep comfort to suit everyone. Each filling is used as an essential ingredient that works with all other layers in the mattress to provide ultimate comfort, support and a sense of pure luxury that is synonymous with the Sleepzee brand.

Natural Horsehair

Horsehair fibres are incredibly strong and springy, so over time they don't break or lose their flexibility ensuring continuous comfort and support. Each fibre helps transport heat away from the body, wicking away moisture and helping to regulate body temperature for a more comfortable night's sleep.

Natural Cashmere

Soft to the touch, but highly resilient, cashmere adds an outstanding softness to the mattress, as well as having great moisture wicking properties to keep you cool and dry throughout the night.

Mohair

A strong, durable and luxurious fibre, mohair helps regulate your body temperature throughout the night. It's often blended with silk or cashmere to create an even stronger natural fibre.

Natural Silk

Strong and durable, silk is a soft and highly resilient fibre that helps regulate your body temperature throughout the night by allowing air to pass quickly through the fibres, helping to promote a more comfortable night's sleep.

Natural British Wool

A soft, springy and breathable fibre with exceptional moisture wicking properties that help keep you cool in the summer and warm in the winter.

Sleepzee is proud to support **The Campaign For Wool**.

Natural Cotton

A soft, cooling and natural fibre that is perfect for wicking moisture away from the body during sleep and has excellent breathability. This helps with temperature regulation and promotes a cooler, and more comfortable sleep environment.

Talay latex

Naturally derived from the rubber tree, Talalay latex is moulded with air pockets for breathability. It is one of the most durable and natural materials available, recovering its shape instantly when pressure is removed, ensuring superior support and pressure relief throughout the night. Latex is also anti-microbial and dust mite resistant, ideal for allergy sufferers.

TENCEL®

TENCEL® is an antimicrobial and breathable fibre that promotes air circulation, helping the mattress stay cool and fresh. It has natural cooling properties and outstanding moisture management, inhibiting bacterial growth for a fresher, more hygienic night's sleep.

Traditional Pocket Springs

Pocketed springs are regarded as the most superior spring system in any mattress. Sleepzee uses unique barrel-shaped, individually pocketed springs that move independently, contouring to your own individual weight and shape for optimum support and posture.

SoftTech® Pocket Springs

Much like traditional, standard size pocketed springs, the mini pocketed springs provide an additional layer of subtle support. They work in harmony with the other support layers, moving independently to contour to your own individual weight and shape for optimum support and posture.

MADE IN THE UK

WINDSOR

The Windsor pillow top mattress combines 5000 individual SoftTech® pocketed springs and double layered pocketed springs, with 100% natural fillings including Talalay latex, horsehair and British wool blended with luxurious mohair, cashmere and silk. These fillings, along with eco-friendly TENCEL® which is a natural, breathable moisture management fibre with highly absorbent properties, help to regulate body temperature and provide the ultimate sleep experience.

The mattress is hand-made with a tufted, fully sprung pillow-top that delivers the finest sleep experience.

The performance of the mattress is enhanced when matched with our premium fully sprung divan base, giving exceptional comfort and a luxurious sleep sensation.

The mattress border is upholstered in a fabulous woven damask and features embroidered flag stitched handles and nickel vents that promote cool airflow through the mattress.

4 rows of side stitching provide edge to edge support.

Finished with beautiful bespoke embroidered 'PURE' mattress handles, marking the uncompromising quality of this remarkable mattress.

PURE MATTRESS TOPPER

Hand crafted in Britain, the Sleepzee PURE mattress topper offers sumptuous natural comfort night after night.

Featuring luxurious fillings including British wool and cotton, Talalay latex and pocketed springs, this topper delivers a highly supportive, breathable and temperature-regulating sleep environment.

When combined with the Sandringham mattress, this topper allows you to fall into a luxurious deep comfort that the pillow-top mattresses in this range offer, whilst still allowing you to be able to turn your mattress.

The topper is finished with strong, easy to attach straps that allow it to fit securely onto your Sleepzee mattress for lasting support and fantastic comfort.

DIVAN BASE OPTIONS

Sleepeeze divan bases are made to the highest specifications using quality timber and materials along with robust construction techniques. This ensures that the bases provide the best possible platform for the Sleepeeze mattress of your choice.

STORAGE OPTIONS:

STYLE OPTIONS:

A beautifully upholstered pocket sprung edge divan complements each mattress, available as a 36cm height divan or 26cm height divan. (Please note that storage drawers are only available with the 36cm height divan option).

There is a choice of either wheel castors or glides for the divan.

Sprung bases are the most luxurious choice of divan base and feature a top layer of springs that run from edge to edge. These act as a shock absorber to offer cushioned support and a softer sleep surface for enhanced comfort.

Fabric colours:

Please see our swatch book for our current choice of attractive, modern fabric colours.

HEADBOARD OPTIONS

MADE IN THE UK

Add the perfect finishing touch to your Sleepzee bed with one of our fashionable headboards.

All headboards are available to suit any of our divan bases, with a selection of fabric colours to choose from.
